DATE: 6-7-2010

Discussion Points: TV Fire and Rescue's new "car"

TV Fire and Rescue note that 60% of the calls that they receive are non-emergencies. So, they have come up with the "CAR". This vehicle works approximately 40hr a week on the road. The CAR runs Tuesday thru Friday. It carries 1 fire official and 1 paramedic at all times. This car has it all! It is cleverly packed with every essential an officer, paramedic or firefighter might need in SUV form. It saves the big rigs for real emergencies.

Is free paper recycling day. You are allowed to bring 3 boxes (no box size given) of personal paperwork that will be shredded on-site for free. First come, first served; if the truck becomes full that is it.

On 5-26-2010 A lady at AVA's Roasteria on 2nd/Hall Blvd had her purse stolen off her chair when she went to the restroom. A gentleman asked her when she returned if that was her purse; which she replied yes, and then this gentleman along with a couple other patrons chased the thief down the street and had him cornered in a bathroom before Police arrived. She was able to get her purse and belongings back thanks to these heroes. So, please remember to keep your belongings with you at all times, do not leave your purse or laptop alone for people to just walk off with.
